

Professor Reinhold Kreutz, MD, PhD, FESC, FAHA

Charité – Universitätsmedizin, Germany

Professor Reinhold Kreutz is Director of the Department of Clinical Pharmacology and Toxicology at Charité – Universitätsmedizin Berlin, Germany, and Professor of Hypertension and Clinical Pharmacology.

Professor Kreutz received his medical training, between 1980 and 1987, at the University of Mainz and Bonn, Germany. By 2000, he had completed his training in Internal Medicine (with a focus on hypertension and kidney disease) and Clinical Pharmacology in Cologne, Bonn, Heidelberg, Boston and Berlin. In Boston (USA), he received a postdoctoral research fellowship for physicians from the Howard Hughes Medical Institute at Harvard Medical School during 1993-1996. He received the Franz Volhard Award of the German Society of Hypertension in 1993 and the Young Investigator Award, Dr. C & F. Demuth Foundation, of the International Society of Hypertension (ISH) in 1996. In 2004, he held the position of Associate Professor of Clinical Pharmacology at the Charité – Universitätsmedizin Berlin in Germany, progressing into his current role as Full Professor of Hypertension and Clinical Pharmacology in 2010. His main research interests include clinical pharmacology of cardiovascular drugs, clinical and experimental hypertension with a focus on genomics of hypertensive target organ damage, pharmacogenomics and drug therapy in the elderly.

He has been an International Scientific Fellow of the American Heart Association (FAHA) since 1996, a European Hypertension Specialist of European Society of Hypertension (ESH) since 2002. He is the head of the advisory committee for drug treatment of the German Society of Hypertension since 2011 and a member of the ethics committee of the federal state of Berlin since 2012. In 2015, he was elected as an associated member of the Drug Commission of the German Medical Association. He is a member of the Scientific Council of the ESH and is serving since 2017 as the scientific secretary of the ESH. Since 2018 he is also a Fellow of the European Society of Cardiology (FESC) and a member of the ESC Council on Stroke. He has authored and co-authored over 250 papers in peer-reviewed journals. He is a member of the editorial board of the Journal of Hypertension.
